NOTES

Average track length is 3 1/2 minutes - about 17

Songs per hour of play

The Artists' names reflect the style of the backing track, not the actual artist (except play along).

Backing tracks have been carefully selected to be as authentic as possible. If a track is particularly important to you, please make a tentative booking and I can send you a sample of the arrangement to confirm it is what you are looking for.

All Tracks are played on Alto Sax except those marked with a letter code at the end T - played on Tenor Sax, B at end - played on Baritone Sax, A/T denotes arrangements available for both Alto and Tenor, etc. Many tracks have been transposed from the original arrangements to suit the instruments. If a song is not on my list, a new arrangement can be made on request for most songs for a fee, max four per booking.
